

SPACEHEADS TECHNICAL SPECIFICATIONS 2017

ANDY DIAGRAM PLAYS TRUMPET THROUGH ELECTRONICS

Andy plays trumpet through his own radio mic which he routes through electronics. There are 3 lines out from the electronics which go into DI boxes and 2 lines that go to the amps we bring for our own monitoring

Please supply:

THREE DI BOXES for the 3 trumpet lines (these are separate parts -not stereo- one part is called trumpet melody, the others trumpet loops and trumpet bass
STAGE box or table to lift bass amp to head height for drummer
ONE MICROPHONE for talking to the audience only

RICHARD HARRISON PLAYS DRUMS AND PERCUSSION

Richard is a left handed drummer-hi hat on his right

Please supply:

MICROPHONES for the drums. Enough for the drums to fill the venue.
no gates on drums please, the playing is very dynamic.

Check with us for the following at info@spaceheads.co.uk

If we are bringing our VJ then :

JAIME RORY LUCY (RUCKSACK CINEMA) PROVIDES VISUALS

Jaime uses multiple small projectors to project onto the band and surrounding walls and then interacts the visuals with the music.

Please Supply:

A high table in the audience (usually near the mixing desk) and a power supply. Jaime will try to secure the projectors at a height where they will be able to project over the heads of the audience.

If we are arriving without our own transport then we may also need:

A TABLE for ELECTRONICS the best thing is a keyboard stand with a piece of wood
100cm x 45 cm (approx)
